

The Manufacturing Club

in association with:

Brexit and its impact on manufacturers

Wednesday 27 February 2019

We are leaving the European Union on 29 March 2019. There is a real risk that we are so focused on the soap opera of negotiations within both the UK and EU, that we miss the opportunities that do exist to mitigate against the potential impact on doing business after we leave.

While we do not yet know what kind of Brexit we will have, the sheer range of tasks manufacturers should consider ahead of the departure date is worthy of attention.

What we will discuss in the February Manufacturing Club event:

Brexit and its impact on manufacturers

Jonathan Main, Partner
MHA Moore and Smalley

Foreign exchange in relation to business

Karen Holdsworth, Global Markets
HSBC

UCLan Funded Support Update

Iain Martin, Project Manager - Innovation Clinic
UCLan
